

The New Swep Class

Synchronized cleaning, ultimate success.
For healthcare facilities.

The new concept in floor cleaning: Synchronized.

Welcome to the new Swebp class.
The premium cleaning system that
enables you to do everything at once:
achieving excellent cleaning results
and ergonomics while saving energy,
resources, costs and time.

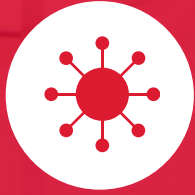

**We call it synchronized cleaning.
You will call it ultimate success.**

The new result in floor cleaning: Ultimate success.

Decreasing available resources, increasing cost pressure and highest awareness for sustainability and ergonomics – today a premium floor cleaning system must outperform in every aspect. That is why we have perfected every detail. For faster, more efficient floor cleaning and a minimized impact on the environment.

HYGIENE

New symmetrical frame design for faster touchless mop changes and less traps for dirt to hide

PERFORMANCE

New advanced mop structures: single- or double-sided for all floor types, remove up to 99.99% of bacteria and viruses

ERGONOMICS

Certified ergonomic solutions for easier movement in optimal conditions

SUSTAINABILITY

Use of r-materials, increased durability (up to 1,000 washes), maximized handprint, minimized footprint

COST-IN-USE

Frame sizes, microfibres, a decreased use of water, chemicals and energy: for more area cleaned with less resources needed

**Sweep.
Ultimate hygiene.**

**CLEAN
DEEPER.**

**WITH
BETTER
RESULTS.**

Ultimate hygiene.

Clean deeper.

Perfected microfibre materials.

With better results.

Synchronized with advanced mop-structures for highest levels of clean on every floor and surface, removing up to 99.99% of viruses and bacteria.

Sweep. Superior ergonomics.

**CLEAN
FASTER.**

**WITH
SUPERIOR
ERGONOMICS.**

ErgoCert awarded.

- ErgoCert – 1st body in Europe created with the specific purpose of certifying ergonomic features of workplaces, workstations and daily-use products.
- The new Swep class, awarded for:
 - HCD (human-centered design)
 - Fundamentally operating according to ergonomic principles
 - Anthropometric and biomechanical compliance

Superior ergonomics.

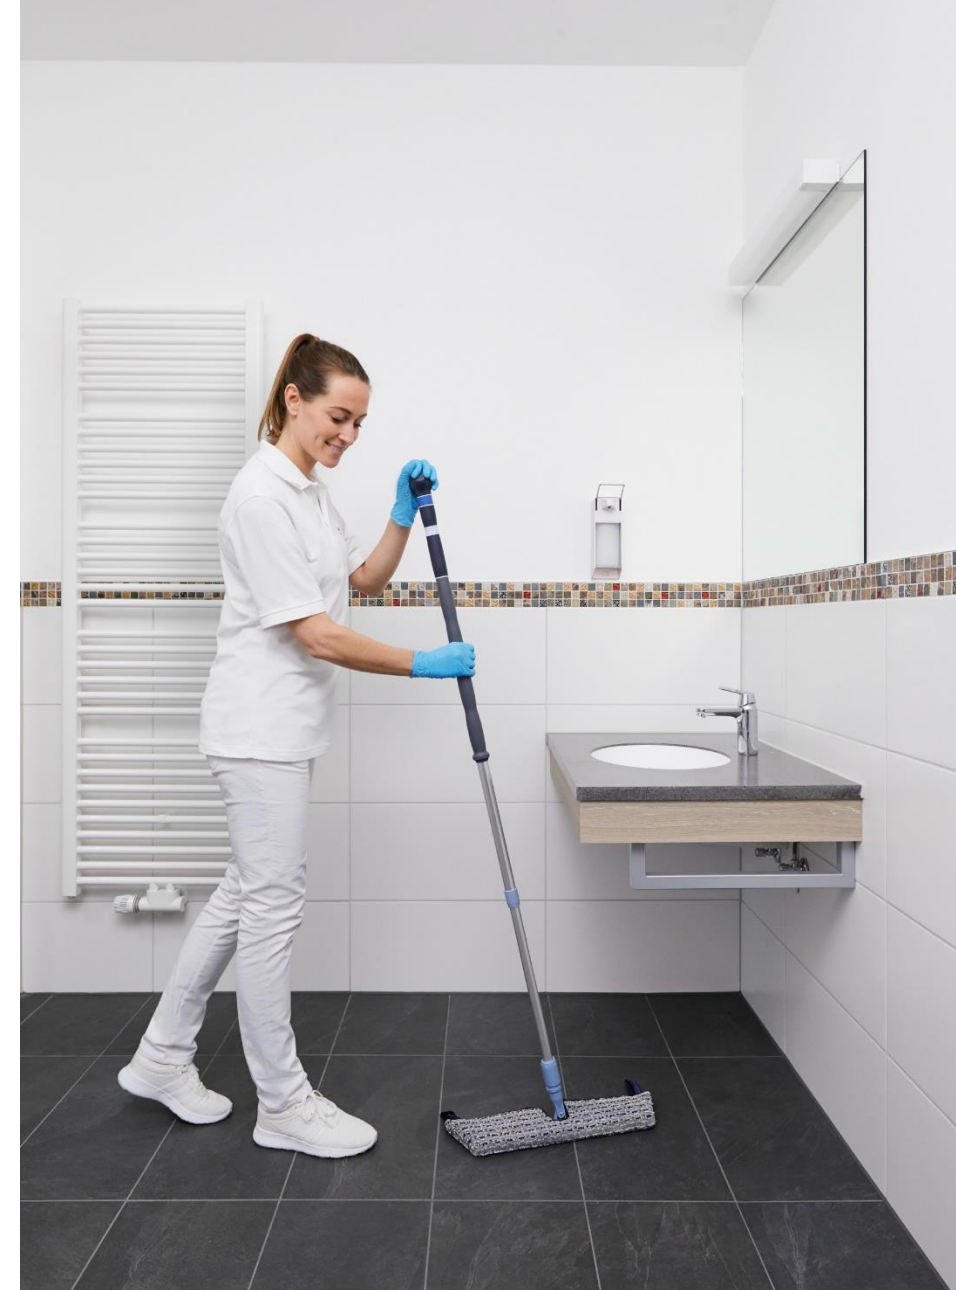

Clean faster.

Highest versatility in size, design, and use of mops and materials that make cleaning easier.

With superior ergonomics.

Synchronized as a certified ergonomic system including the new r-Ergohandle with a spherical hand grip and grip stop for easier cleaning or the current Telescopic handle used with Sweep Pro mops and the Sweep r-Frame.

**Sweep.
Sustainability.**

**CLEAN
EASIER.**

**WITH A
GREENER
IMPACT.**

Sustainability.

Clean easier.

Recycled materials in high-performance mops, certified with the prestigious Nordic Swan ecolabel.

With a greener impact.

Synchronized with second life plastic in handles and frames for a smaller footprint. For highest durability and a decreased use of chemicals and water.

Nordic Swan awarded.

- **Optimized cleaning performance:** Nordic Swan certifies excellent cleaning efficiency (dirt & dust + microbiological) provided sustainably
- **Sustainability:** Recycled materials, less water and chemicals are needed
- **Lower the cost:** Less water and chemical consumption is proven

Since we LOVE IT CLEAN, everywhere

we use our „Love It Clean“ label
to highlight the most sustainable product choices –
such as the Swep mops.

Up to 75% recycled.

- Swep Duo r-SafetyPlus Pro – up to 35% recycled
- Swep Duo r-MicroTech Pro – up to 60% recycled
- Swep Single r-MicroTech Pro – up to 45% recycled
- Swep Duo r-MicroCombi Pro – up to 50% recycled
- Swep Single r-MicroCombi Pro – up to 35% recycled
- Swep Duo r-MicroPlus Pro – up to 50% recycled
- Multi Duster Maxi r-MicroPlus Pro – up to 70% recycled
- Duo Handmop r-MicroPlus Pro – up to 75% recycled
- Swep r-Frame - >30% recycled
- r-Ergonomic Handle – up to 45% recycled

plastica
seconda vita
MIX ECO

First with the second.

The new Swep Class with second life plastic - certified by Plastica Seconda Vita

- The Plastica Seconda Vita label awards quality and traceability of recycled plastics
- It allows to market recycled-marked products and to participate in public administration purchase tenders
- The new Swep class frame and handle: Up to 45% recycled

**Swept. Lower
cost-in-use.**

**CLEAN
SMARTER.**

**WITH LOWER
OVERALL
COSTS.**

Lower cost-in-use.

Clean smarter.
New frame widths.

With lower overall costs.

Synchronized with symmetrical, double-sided, pre-prepared, durable mops for more m² cleaned fewer mops that last up to 1,000 washes.

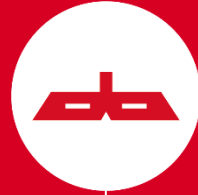

A new class of handle-design – r-Ergonomic.

Masterpiece in ergonomics.

- New r-Ergonomic handle has a spherical hand grip for easier movement across the floor and protection of the wrist
- Comfort grip and grip-stop for more efficient scrubbing
- Perfectly made from second life plastic

plastica
seconda vita
MIX ECO

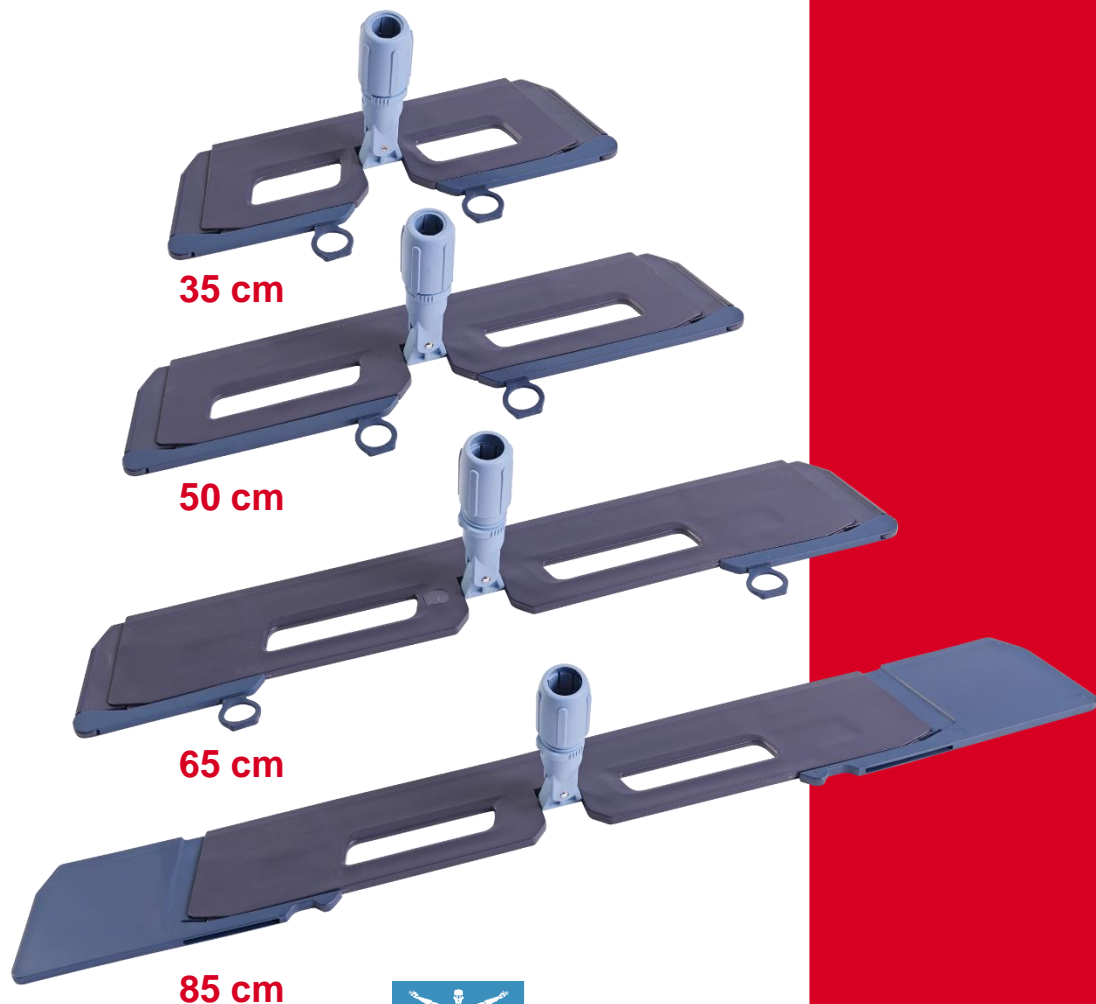

A new class of frame-design – Swep r-Frame.

Leadership in speed and hygiene.

- Maximized flatness for greater floor contact
- Symmetrical design: Two peelers for faster, hands-free mop exchange
- Hygienic construction: no raised axis, less dirt traps
- Love It Clean: PSV certified – made from >30% recycled plastic
- Compatible with current 35/50 cm Swep mops and all Pro mops

A new class of frame-design – Swep r-Frame.

35 cm

50 cm

65 cm

85 cm

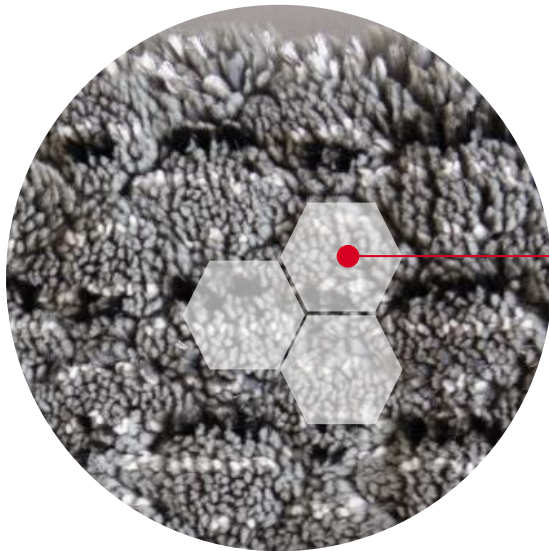

Highest size versatility:

- 35 cm: Above the floor cleaning made easy and stable
- 50 cm: All-in-one performance
- 65 cm: The fastest in open areas
- 85 cm: Dust mopping of large areas at its best

3rd dimension of cleaning.

The new 3-D honeycomb and brush fibre structure:

The unique honeycomb cut pile and brush fibre combination with extra-fine microfibres (in addition to r-content) for superb performance.

- Increased dirt pick-up capacity in the honeycomb channel
- Increased adaptability to varying heights in floors as the brush fibers and cut pile reach easily in gaps and dips in floor
- Extra-fine microfibres work with brush fibres to release stubborn dirt – even in microporous structures, even on smooth floors

r-MicroTech Pro Single & Duo

Go farther with one mop: Fast cleaning of smooth floors.

Single r-MicroTech Pro
35 cm, 50 cm, 65 cm, 85 cm

Duo r-MicroTech Pro
35 cm, 50 cm, 65 cm

- Advanced microfiber pile with integrated fringe to absorb more water and trap dirt and loose particles, especially on smooth, unstructured floors
- Patent-pending fringe fixation technology
- >25% greater water release compared the current Swep Duo r-MicroTech mop
- Made from up to 60% recycled material
- Up to 1,000 wash durability
- Nordic Swan certified
- Up to 99.99% of bacteria and virus removal

r-MicroCombi Pro Single & Duo

All-in-One: excellent cleaning of all floor types.

Single r-MicroCombi Pro
50 cm

Duo r-MicroCombi Pro
35 cm, 50 cm, 65 cm, 85 cm

- Innovative, reinforced 3-D honeycomb microfibre pile construction integrated with brush fibres and added fringe to pick up larger particles
- Higher dirt pick-up capacity and adaptability to unevenness in floors
- Made from up to 50% recycled material
- Up to 1,000 wash durability
- Nordic Swan certified
- Up to 99.99% bacteria and virus removal

r-MicroPlus Pro Single & Duo

Thorough cleaning for structured floors – and all floors.

Single r-MicroPlus Pro
35 cm, 50 cm

Duo r-MicroPlus Pro
35 cm, 50 cm

- Innovative, reinforced 3-D honeycomb pile construction integrated with brush fibres, ideal for structured floors
- Higher dirt pick-up capacity and adaptability to unevenness in floor
- Made from up to 50% recycled material
- Up to 1,000 wash durability
- Nordic Swan certified
- Up to 99.99% bacteria and virus removal

HygienePlus Pro Single & Duo

No need to tumble dry.

Single HygienePlus Pro
50 cm

Duo HygienePlus Pro
35 cm, 50 cm

- Microfibre dirt-removal power for use in hygiene-sensitive areas
- Innovative, reinforced 3-D honeycomb pile construction integrated with brush fibres
- No need to tumble dry: Can be stored in damp conditions in a clean pre-box after washing for up to 72 hours without bacteria growth
- Up to 1,000 wash durability
- Up to 99.99% bacteria removal
- Contains the preservative silver phosphate glass to prevent growth of bacteria in the mop cut pile

Swep Duo r-SafetyPlus Pro

Maintenance cleaning of safety floors.

Duo r-SafetyPlus Pro
35 cm, 50 cm

- Double-sided mop with one scrubbing side for loosening dirt and one microfibre side for collecting dirt
- Innovative, reinforced 3-D honeycomb pile construction integrated with brush fibres
- Up to 35% recycled material
- Up to 250 wash durability
- Nordic Swan certified
- Up to 99.99% bacteria and virus removal

MultiDuster Maxi r-MicroPlus Pro Sleeve

Hygienic cleaning of high or hard-to-reach areas.

Multi Duster Maxi r-MicroPlus Pro

- Double-sided dusting sleeve to be used with the MultiDuster Maxi Handle
- Slim design for cleaning in tight spaces
- Unique 3-D honeycomb pile construction integrated with brush fibres for higher dirt pick-up capacity
- Made from up to 70% recycled material
- Up to 1,000 wash durability
- Awarded the Nordic Swan Ecolabel
- Up to 99.99% bacteria removal

Duo Handmop r-MicroPlus Pro

Quick by-hand cleaning of irregularly shaped or hard-to-reach spaces.

Duo Handmop r-MicroPlus Pro

- The Duo Handmop r-MicroPlus Pro has a double-sided design for by-hand cleaning of things like bed frames or handrails while helping to protect fingers and hands from injury
- Made from up to 75% recycled material
- Up to 1,000 wash durability
- Awarded the Nordic Swan Ecolabel
- Up to 99.99% bacteria removal

A new class of mops – The single use Swep mop. r-MicroOne Premium

- Advanced microfibre technology
- 4 colour system
- Maximum hygiene and superior floor coverage
- Made of up to 85% recycled PET
- 100% quat compliant

Vileda Professional – Your leading partner for a clean and safe facility

- Everything we do grows from a constant dialogue with our customers. Based on more than 60 years experience in the business we are experts for the needs, challenges and conditions within professional cleaning. That is why we develop products and offer cleaning solutions that exceed our customers' expectations.
- Our innovative systems and superior services make our customers' daily work easier and more efficient.
- We commit ourselves to excellence – every Vileda Professional product offers the highest quality standards and minimizes the risks of your daily business.
- We make people work smarter, not harder: so, we focus on ergonomics, performance and design at every stage of the R&D phase, while using our patented technologies.
- We constantly strive for superior systems and services that support global sustainability.
- The Vileda Professional brand is part of the Freudenberg Group – a global technology group that strengthens its customers and society long-term through forward-looking innovations.
